

input0

```
graph TD; A[input0] --> B[SqueezeNet/Sequential[features]]; B --> C[SqueezeNet/Sequential[classifier]]; C --> D[SqueezeNet/aten::view637];
```

A vertical flowchart showing the sequence of operations in a SqueezeNet model. It starts with a yellow box labeled 'input0', followed by a yellow box labeled 'SqueezeNet/Sequential[features]', then a gray box labeled 'SqueezeNet/Sequential[classifier]', and finally a gray box labeled 'SqueezeNet/aten::view637'. Arrows point downwards between each box.

SqueezeNet/Sequential[features]

SqueezeNet/Sequential[classifier]

SqueezeNet/aten::view637
